## **QUOTE OF THE DAY**

“We are striving to forge our union with purpose. To compose a country committed to all cultures, colors, characters, and conditions of man.” – Amanda Gorman

“We should be eternally vigilant against attempts to check the expression of opinions that we loathe.” – Oliver Wendell Holmes, Jr.

“Everything that depends on the action of nature is by nature as good as it can be, and similarly everything that depends on art or any rational cause, and especially if it depends on the best of all causes. To entrust to chance what is greatest and most noble would be a very defective arrangement.” – Aristotle

“In a world populated by people who believe that through more and more information, paradise is attainable, the computer scientist is king. But I maintain that all of this is a monumental and dangerous waste of human talent and energy. Imagine what might be accomplished if this talent and energy were turned to philosophy, to theology, to the arts, to imaginative literature or to education? Who knows what we could learn from such people — perhaps why there are wars, and hunger, and homelessness and mental illness and anger.”  
– Neil Postman

“I don't try to describe the future. I try to prevent it.” – Ray Bradbury
