QUOTE OF THE DAY

"Above all, watch with glittering eyes the whole world around you because the greatest secrets are always hidden in the most unlikely places. Those who don't believe in magic will never find it." – Roald Dahl

"You will have to know life ... If you are to become a writer you'll have to stop fooling with words ... It would be better to give up the notion of writing until you are better prepared. Now it's time to be living. I don't want to frighten you, but I would like to make you understand the import of what you think of attempting. You must not become a mere peddler of words. The thing to learn is to know what people are thinking about, not what they say." – Sherwood Anderson

"The most important thing each of us can know is our unique gift and how to use it in the world. Individuality is cherished and nurtured, because, in order for the whole to flourish, each of us has to be strong in who we are and carry our gifts with conviction, so they can be shared with others." – Robin Wall Kimmerer

"You can start late, look different, be uncertain and still succeed." – Misty Copeland

"I'm an idealist. I don't know where I'm going, but I'm on my way." – Carl Sandburg

"Be careful about reading health books. You may die of a misprint." – Mark Twain

"That is the saving grace of humor, if you fail no one is laughing at you." – A. Whitney Brown
