October is [National Arts & Humanities Month](#). Here is [President Biden's proclamation](#).

### **QUOTE OF THE DAY**

"Here is the test to find whether your mission on earth is finished: If you're alive, it isn't." – Richard Bach

"I write from instinct, from inexplicable sparkle. I don't know why I'm writing what I'm writing. Usually, I sit and I let my hands wander on my guitar. And I sing anything. I play anything. And I wait till I come across a pleasing accident. Then I start to develop it. Once you take a piece of musical information, there are certain implications that it automatically contains — the implication of that phrase elongated, contracted, or inverted or in another time signature. So you start with an impulse and go to what your ear likes." – Paul Simon

"I'm always astounded at the way we automatically look at what divides and separates us. We never look at what people have in common. If you see it, black and white people, both sides look to see the differences, they don't look at what they have together. Men and women, and old and young, and so on. And this is a disease of the mind, the way I see it." – Doris Lessing

"I won't say ours was a tough school, but we had our own coroner. We used to write essays like: What I'm going to be if I grow up." – Lenny Bruce
