

Sample Creation and Presentation press release:

Wisconsin Arts Board Awards Grant to Peninsula Players Theatre

Peninsula Players Theatre is pleased to announce it was awarded a grant from the Wisconsin Arts Board (WAB) through their Creation & Presentation program. Funds from the grant will support the Peninsula Players continued development and presentation of outstanding community programs and theatrical productions.

Peninsula Players was recognized for its long-term financial health, increasing attendance, range of programming and creative efforts to stimulate community interest. The awarding of this grant indicates that the Peninsula Players' programming and community engagement provide the highest level of excellence.

The Wisconsin Arts Board (WAB) receives funding from the WI State Legislature and the National Endowment for the Arts. WAB's grants help to ensure that cultural resources like the Peninsula Players Theatre will continue to be integral to the quality of life in Wisconsin, and to contribute to WI's economic vitality.

WAB's Creation and Presentation grants provide artistic program and operational support to established nonprofit arts organizations whose primary mission is to create or present ongoing arts programming that makes a significant local, regional, or statewide impact on the cultural life of Wisconsin, and that furthers the WAB's community development and arts education goals.

These grants help make the arts accessible to audiences large and small, assisting groups that undertake innovative programming, support creativity and artistic quality, engage their community, inspire curiosity and focus on audience and patron development.

Peninsula Players Theatre, America's Oldest Professional Resident Summer Theatre, traditionally produces a five-show season of Broadway-quality comedies, dramas and musicals. Learn more about Peninsula Players at www.peninsulaplayers.com.
