

GO-CART is a community arts and recreation trailer offering enriching activities throughout the parks of Sun Prairie. It is based on the belief that children should have access to enrichment activities that support emotional and physical wellness. Programs GO directly to youth in the neighborhoods where they live and play.

The project is co-created by the Sun Prairie Parks, Recreation & Forestry Department and Prairie Music & Arts.

"We have had a void in our community for years for having a regular activity/creative outlet for our kids at community events. The GO-CART project has filled that void." ~Lorie C., Sun Prairie Resident

**"The GO-CART brings free art and activities directly into our Sun Prairie parks system to not only enrich our neighborhoods but to also strengthen the bonds that make our community so special. It encourages all ages to participate and is a beautiful example of how creativity can inspire young minds and transform public spaces."
~State Senator, Melissa Ratcliff**

Prairie Music & Arts is a 501(c)(3) nonprofit community arts organization that has served the Sun Prairie and greater Dane County, Wisconsin area since 1999.

OUR MISSION

We strive to inspire and enrich the lives of youth and adults through engaging artistic experiences, fostering creativity, promoting personal growth, and supporting the community through the arts.
